Time: 1825 Under Control: 1858 All Out: 2006

Number/Type Apparatus: 4 engines, 2 ladders, 1 rescue, 1 ambulance

Number of Alarms: 1

Incident Summary: MFD Units responded to 496 Currier Drive after a 911 call reporting a building fire. First Arriving units discovered heavy fire showing from the attached garage of a 30X40 Single family colonial style residence. An aggressive initial attack kept the fire contained to the garage area of the house with no additional fire damage to the inside of the home. There was however moderate smoke damage throughout the structure rendering it uninhabitable for the immediate future. No firefighters or civilians were injured. The two adult occupants of the home were not home at the time of the initial call but arrived during the incident. They are making their own arrangements for temporary housing. The fire at this time appears to be accidental and is not deemed suspicious pending further investigation from the MFD Fire Investigation Unit and Deputy Fire Marshal Paul King.
