Fire Department

Checklist for Obtaining a Permit for Installation of Fire Suppression/Clean Agent Systems

There is a fifty dollar (\$50.00) fee for a Manchester Fire Department application for installation of Fire Suppression/Clean Agent System's Permit.

1. Provide the following documents with your application for Installation of Fire Suppression/Clean Agent Systems.
 - a. Floor Plan
 - b. Equipment Diagram
2. Bring all documents to the Fire Prevention Bureau along with a Check made out to the City of Manchester.
3. Arrange to have an inspection through the Fire Prevention Bureau Office. Please call 669-2256 to make an appointment for inspection.

****Please note that equipment must be installed in accordance with applicable NFPA and the Manchester Fire Department Rules and Regulations governing Fire suppression systems/clean agent systems and manufacturer's instructions.**

Final approval granted upon successful completion an acceptance test.
