PUBLIC HEALTH EXCELLENCE AWARDS FOR FOOD SAFETY ANNOUNCED

Manchester, NH – The Manchester Health Department announced today the recipients of the **2013 Public Health Excellence Award for Food Safety**. The Manchester Board of Health presented each establishment with their award at its April 14, 2014, meeting.

According to Tim Soucy, Public Health Director, “The Manchester Health Department recognizes the important role that food service establishments, when maintained and operated in a sanitary manner, play in the prevention of foodborne illnesses in the community.”

In recognition of this role, the Manchester Board of Health has established a Public Health Excellence Award for Food Safety for those establishments, which maintain high sanitary standards, comply with all applicable laws and regulations, and have staff that is trained in safe food handling practices.

We are pleased to acknowledge the largest group of recipients since the inception of the award in 1990. The commitment by the industry to assure a workforce trained in safe food handling practices is a trend in the right direction. Research has demonstrated that food establishments which employ these highly trained workers are less likely to have critical violations upon inspection. This lowers the risk of foodborne illness to the consumer.

The list of recipients of the 2013 Public Health Excellence Award for Food Safety is attached.
