MEMORANDUM

To: Members of the Board of Mayor and Aldermen

From: Alderman Peter M. Sullivan
Ward 3

Date: January 20, 2009

Re: Green Buildings Task Force

In his inaugural address earlier today, president Obama reaffirmed his commitment to creating a "green economy" and to assisting states and municipalities in their efforts to promote green buildings.

Since there is a strong possibility that additional federal funds for green building initiatives may soon be available, I believe that it is an appropriate time for the City of Manchester to develop a comprehensive, long-term strategy for undertaking such initiatives.

I propose that a task force be established to prepare a green buildings plan for the city. The composition of the committee would be as follows:

- Deputy Director of Public Works (Facilities Manager) or designee;
- Director of the Department of Planning and Economic Development or designee;
- One representative of the Board of Mayor and Aldermen'
- One representative of the Board of School Committee
- Three members of the general public, at least one of whom shall have professional or academic experience in the fields of environmental science, energy conservation, or a related discipline.

The committee will submit a final report to the BMA no later than 180 days from the date of its first meeting.

I am, of course, willing to listen to your suggestions and advice as to the exact composition of the committee and the timeline for the completion of its work.

Re: Jac Pac Freezer Equipment

Dear Chairman Smith and Members of the Committee:

Attached are correspondence and related materials regarding various actions and approvals related to the sale and removal of the freezer equipment from the Jac Pac property. As you may be aware, prior to closing on the property, Dick Anagnost notified the MHRA of his belief that he is entitled to the proceeds received from the sale of the equipment (see attached). Though I was not present at the time, from a review of the record it appears that the process of issuing the RFP for the sale of property by MEDO and the sale of the freezer equipment by the MHRA occurred simultaneously, but in an uncoordinated manner which resulted in a misunderstanding of intentions by the parties. As can be seen in the attached documents, the removal and sale of the freezer equipment by the MHRA was clearly authorized and approved by the Board of Mayor & Aldermen. However, because the equipment was on site when the RFP was issued on November 6, 2006 and when the developer's conference was held on December 6, 2006, and there was apparently no disclosure to indicate otherwise, it would have been reasonable for Mr. Anagnost to have understood that the equipment was a part of the property to be conveyed and to have prepared his proposal accordingly. Therefore, I would recommend that the \$50,000 received by the City for the sale of the freezer equipment be transferred to the Anagnost Companies so that this matter can be resolved.

Please let me know if you have any questions or require additional information regarding this matter.

Sincerely,

Jay Minkarah, Director

Dear Dick:

As you know, River's Edge Manchester, LLC ("River's Edge"), is still disputing the application of the proceeds received by MHRA I, Inc. from the sale of machinery, equipment and fixtures (collectively the "Personalty") located in the freezer at the so-called Jac Pac site. As we've told you, we feel that at least those proceeds rightly belong to River's Edge. When we walked through the building and prepared the RFP we were led to believe that the freezer and all the equipment and fixtures were part of the sale. When we signed the Purchase and Sale Agreement we were under the impression that we would be receiving all of the Personalty. Thereafter, we solicited and received proposals for demolition, which were based on the salvage value of the Personalty. We've since had to solicit revised proposals to account for the lack of salvageable materials at a great cost to River's Edge.

We are hereby delivering this letter to put you on notice that it is our position that we are entitled to the value of the Personalty and plan to pursue any rights or remedies we may have with respect thereto.

Very truly yours,

Dick Anagnost

Re: Sale of Jac Pac Property

Dear Mr. Dunfey:

In accordance with your request, we have undertaken an investigation of the facts and circumstances surrounding the sale of the freezer equipment from the so-called Jac Pac site in Manchester, New Hampshire. We have reviewed various documents and interviewed Manchester Housing and Redevelopment Authority ("MHRA") employees. We have also examined public records of the City of Manchester, and such other documents as we deemed reasonable and appropriate. Based upon our investigation, we have determined the facts as follows:

General Role of MHRA:

On January 21, 2005, MHRA I, Inc., a New Hampshire voluntary corporation, took title to the so-called Jac Pac Site, and MHRA was hired by the City of Manchester to manage the site on behalf of MHRA I, Inc. and the City. In furtherance of its management responsibilities, MHRA employed Ron Dachowski, a former Jac Pac/ Tyson employee, on a full-time basis to provide security and maintenance at the Jac Pac site; MHRA undertook to lease portions of the facility for parking and other uses; and MHRA took direction from the City with regard to the disposition of certain contracts including the sale of the freezer equipment and the eventual sale of the site itself. In January of 2009, MHRA remitted funds to the City that had been earned during the period MHRA managed the site. The management role of MHRA was thereby concluded.

Specific Findings:

In November, 2005, Junker Equipment Division, Inc., on behalf of its client, Portland Shellfish Company of South Portland, Maine, approached the City of Manchester's Office of

Economic Development with a proposal to remove the refrigeration building from the Jac Pac site. Following investigation by Junker Equipment, it was determined that the building could not be salvaged and reconstructed. See copy of Castagna Consulting Group, LLC's letter to The Board of Mayor and Alderman dated November 14, 2006 attached hereto as Exhibit "A".

On August 14, 2006, Portland Shellfish Company of South Portland, Maine made a formal proposal to the City of Manchester to purchase the freezer equipment at the Jac Pac site for the sum of \$50,000.00. The City did not act on Portland Shellfish's proposal immediately. By letter to the Board of Mayor and Alderman, dated November 3, 2006, Portland Shellfish, through its representative, Michael J. Castagna of Castagna Consulting Group, Inc. requested that the matter be submitted for consideration at the next scheduled meeting of the Board of Mayor and Alderman scheduled for November 14, 2006. See Exhibit "A" attached hereto. Portland Shellfish's proposal was then presented by Michael Castagna to the Board of Mayor and Alderman for the City of Manchester at the November 14, 2006 meeting. At that time, Alderman DeVries requested that the Board of Mayor and Alderman refer the matter to MHRA and recommend the sale. See Minutes of the November 14, 2006 meeting of the Board of Mayor and Alderman attached hereto as Exhibit "B".

Based upon the City's recommendations, MHRA I, Inc. executed a Purchase and Sale Agreement for the freezer equipment on January 8, 2007. A copy of this Agreement is attached hereto as Exhibit "C". The equipment was thereafter sold to Portland Shellfish. Portland Shellfish removed the bulk of the freezer equipment by April 1, 2007, leaving behind only the steel racking system and fork lifts. The steel racking system and some of the fork lifts were later removed by Portland Shellfish prior to the closing on the transfer of the Jac Pac site to Anagnost Investments, Inc.'s nominee. We noted that there were no independent negotiations between Portland Shellfish and MHRA or MHRA I, Inc. relative to the sale of the freezer equipment, prior to the City's approval of the sale of the freezer equipment. To the best of the knowledge of MHRA's staff, all negotiations were handled by the Economic Development Office of the City of Manchester and/or the Board of Mayor and Alderman.

In the spring of 2007, the City of Manchester issued a request for proposals for development of the Jac Pac site, and named Anagnost Investments, Inc. as the successful bidder. On June 28, 2007, Anagnost Investments, Inc. entered into a Purchase and Sale Agreement with MHRA I, Inc., for the purchase of the Jac Pac site, together with all "...appurtenant easements, buildings, improvements and fixtures attached or affixed thereon ...". A copy of the Purchase and Sale Agreement is attached hereto as Exhibit "D".

Ron Dachowski has indicated that prior to June 28, 2007, he did not take any representative of Anagnost Investments, Inc. through the Jac Pac site. Mr. Dachowski also indicated that at no time following execution of the Purchase and Sale Agreement up to and including the date of closing on the transfer of the Jac Pac site, did he take any representative of Anagnost Investments, Inc. or its nominee, through the Jac Pac site. Mr. Dachowski did provide access to the site when a representative from the City of Manchester Economic Development Office escorted demolition contractors, including Thibeault Corporation (Anagnost Investments' demolition contractor) through the building in the late summer or early fall of 2007. During this tour, Mr. Dachowski identified remaining materials that had been sold.

Summary:

The plain meaning of the Purchase and Sale Agreement dated June 28, 2007 between MHRA I, Inc. and Anagnost Investments, Inc. is clear, the sale included all fixtures attached or affixed to the property. When the Purchase and Sale Agreement was executed on June 28, 2007, the freezer equipment had been removed from the building. Neither MHRA nor MHRA I, Inc., their respective officers, agents or employees, made any representations to representatives of Anagnost Investments, Inc. as to the inclusion or exclusion of the freezer equipment as a fixture of the real estate. It is unclear what, if any, representations were made by the Board of Mayor and Aldermen or the Economic Development Office of the City of Manchester to Anagnost Investments, Inc. regarding the freezer equipment.

Should you wish to discuss this matter further, please feel free to contact me. Thank you.

Sincerely yours,

William H. Craig

REFERENCE: Jac-Pac Refrigeration Building

The Honorable Mayor Frank C. Guinta,
Lady and Gentlemen of the Board of Aldermen:

I am writing this request for consideration on behalf of my client, Junker Equipment Division, Inc., of Gloucester, Ma. and their customer Portland Shellfish.

About a year ago I approached the Office of Economic Development to inquire about the possibility of removing the refrigeration building on the Jac-Pac site for salvage and reconstruction. The need for this type of facility came as a result of the devastation of Hurricane Katrina. My client and I met several times with Mr. Borek of the Office of Economic Development, and Mr. Edwards of the Manchester Housing and Redevelopment Authority to evaluate the site in order to make a proposal. The initial letter dated November 1, 2005 is attached. After our investigation was complete, it was unfortunately determined that the building could not be salvaged and reconstructed. However, my client was still interested in the equipment in the building.

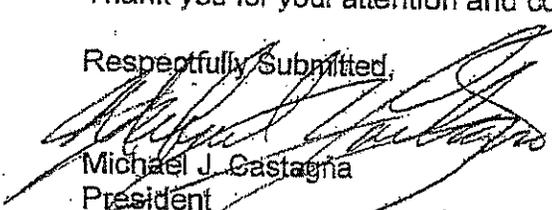

On August 14, 2006, my client made a formal proposal to purchase the equipment for \$50,000.00. The proposal is attached with pictures.

I have made several inquiries as to the status of the proposal only to find out that it had not traveled through the proper channels for consideration.

I would respectfully submit this proposal for your consideration on behalf of my client. I will be available to answer any questions at your next scheduled meeting on November 14th.

Thank you for your attention and consideration of this matter.

Respectfully Submitted,

Michael J. Castagna

BOARD OF MAYOR AND ALDERMEN

November 14, 2006

7:30 PM

Mayor Guinta called the meeting to order in joint session with the Library Trustees.

The Clerk called the roll.

Board of Aldermen:

Aldermen Roy, Gatsas, Long, Duval, Osborne, Pinard, O'Neil, Lopez, Shea, DeVries, Garrity, Smith, Thibault, Forest

Library Trustees Present:

Peter Duffy, Joseph Sullivan, Kevin Devine, Jeffrey Hickock, Karen Sheehan-Lord

Library Trustees Absent:

Joanne Barrett and Madeleine Roy

Mayor Guinta advised that nominations are in order to fill the expired term of Peter Duffy currently completing the term of Trustee Mary Heath who resigned in March 2006; such nominations to be made for a term to expire October 2013.

Alderman Gatsas moved to nominate Peter Duffy to begin serving a seven-year term expiring in October 2013. Library Trustee Devine duly seconded the nomination.

On motion of Alderman O'Neil, duly seconded by Alderman Duval it was voted to close nominations.

On motion of Alderman Gatsas, duly seconded by Alderman DeVries it was voted to suspend the rules and confirm the nomination of Peter Duffy to the Library Board of Trustees, term to expire October 2013.

There being no further business to come before the joint session, on motion of Alderman Roy, duly seconded by Alderman Pinard it was voted to adjourn.

Mayor Guinta called the regular meeting of the Board to order.

The Clerk called the roll.

Present: Aldermen Roy, Gatsas, Long, Duval, Osborne, Pinard, O'Neil, Lopez, Shea, DeVries, Garrity, Smith, Thibault and Forest

Mayor Guinta stated we have a quick presentation if Georgie Reagan will come forward.

Peter Ramsey, Arts Commission Chairman, stated we are very proud tonight on behalf of the Manchester Arts Commission to have the Mayor give an award to a very unique and special

and Aldermen that have to approve each one and I think the Board has to designate which Committee...I think it should go to a Committee but I think the Board has to designate which one is the most appropriate.

Mayor Guinta called for a vote on the motion to accept, receive and adopt the report and request MEDO to submit proposed procedures including applications to the CIP Committee for review. There being none opposed, the motion carried.

Alderman O'Neil asked what is the next step on getting the zone expanded.

Mayor Guinta answered the Master Plan is the most likely.

Alderman O'Neil asked and how soon...

Mr. MacKenzie interjected we are shooting to have that done by the end of June. Again by state statute it is the Planning Board that works on it but we are shooting to have that done by next June.

Alderman O'Neil asked couldn't we ask the delegation to get something changed pretty quick up in Concord to give us some flexibility so that in the springtime we could consider village centers or whatever.

Mr. MacKenzie answered I think you would want to amend the legislation to read "including neighborhood centers."

Alderman O'Neil responded point being that we could probably get the Legislature to act on this quicker than the Master Plan.

Mayor Guinta stated that will bring me to Item 19. I don't really have a big legislative update other than to say that I talked to Representative Baroody, who is the Chairman of the delegation. He and I are meeting on Thursday to discuss what some of the issues we feel should be addressed up in Concord are. After that we are going to have a meeting and he will send letters of invitation to all of the delegation and that will be scheduled for Monday, 11/27 at 7:30 AM here so we can meet with the entire delegation.

Communication from Castagna Consulting on behalf of Junker Equipment Division, Inc. submitting an offer to purchase equipment located at 163 Hancock Street at a total price of \$50,000.

Alderman DeVries stated as we are back at the Jac Pac property and we have already set that up under the Housing Authority I would move to refer this to the Housing Authority to execute. Alderman Garrity duly seconded the motion.

Alderman O'Neil asked instead of referring can we request that they move forward with this item. I don't want to refer it and just have it sit there. This is a legitimate request and it is in the best interest of the project.

Alderman DeVries asked refer and recommend the sale.

Alderman O'Neil answered right if that was part of your motion.

Alderman DeVries stated it was.

Alderman Roy asked have we had an appraisal on any of the equipment there and if so what is that appraisal. In the Junker Equipment letter there are two numbers. An offer of \$30,000 and then an offer of \$50,000 and in our agenda it says \$50,000. My question is probably to Bob MacKenzie. Have we appraised this?

Mr. MacKenzie responded not to my knowledge no.

Alderman Roy asked do we have any idea from any City employee staff or Housing Redevelopment if this is a fair price for refrigeration. I am not an expert in it and I don't think anyone on the Board is.

Alderman O'Neil stated I am not expert in refrigeration but my guess would be that every day the equipment sits there it decreases in value so the sooner we move this the better.

Alderman Roy stated I agree with Alderman O'Neil that this project has sat for much longer than it needed to but I hate to make a decision because we have one person making an offer and no knowledge. As much as I support moving this, I would vote no until we have some expert opinion.

Alderman O'Neil stated in looking at the original letter, this was submitted in November 2005. That is when this whole process started.

Alderman Shea stated a bird in the hand is worth two in the bush but actually I would say that the sooner we move on this, the better.

Alderman Smith stated we do have an expert here and you can bring him up and he can explain the \$50,000. He is representing the client.

Alderman Roy stated you have done a lot of work in the City and you are a trusted advisor to us, what is your opinion. I know you are representing the client but we are going out on a limb here.

Mike Castagna stated the equipment for the most part when the building was built five or six years ago the equipment was used and refurbished from back in 1982. Even when it was put into operation at this particular facility it was old. The client has come in and evaluated it and basically the offer is based on the value of the equipment and the use of the equipment but also it is based on the cost it is going to take to get it out and move it. It is going to cost close to \$40,000 to take it out of there. There is some substantial cost here and that weighed into the equation and I am making the offer.

Alderman Roy stated your Honor we have worked a lot with Mike in the past and I respect his opinion but we also have representatives who used to own that building available to us via a phone call. I would like to move this forward but I would like to see us make the best deal possible.

Mr. MacKenzie stated I would like to add that after reviewing the site and talking about this site to a few developers there is no value to any of the buildings or equipment at the present time to a developer. In essence, that is a liability to the site. I heard estimates as high as \$600,000 for demolition of the building so at this point anything we can get rid of is actually a positive because we won't have to pay for demolition.

Alderman Gatsas asked can somebody tell me if this is revenue to the City.

Mayor Quinta answered MHRA I believe would get the money.

Alderman Gatsas asked then why is this before us and not before MHRA. Why are we making the decision when this really belongs to them?

Solicitor Clark answered I don't think you are making a decision. I think you are referring it to them and if they feel it is appropriate...you can refer it with a recommendation that you think it is appropriate but if they feel it is appropriate they will do it. I believe the cash would go to the same place as the rental is going for the parking.

Alderman Gatsas replied we didn't make a decision on the parking rental fee and refer it to them. They made that decision.

Mayor Quinta stated it came to the Board though.

Alderman Gatsas stated there is a company in Manchester that kind of does the same business and I would suggest if you are looking for another client because I know they just left their location on Spruce Street and are in the process of buying another building, which is called Oven Poppers and they are in the seafood business. That is just a suggestion.

Alderman O'Neil stated my understanding is this has been around for almost a year. It has gone nowhere. They are looking for some direction and we can provide that direction with a recommendation to MHRA.

Mayor Quinta called for a vote. The motion carried with Alderman Roy being duly recorded in opposition.

Ordinances:

"Amending the Building Code of the City of Manchester as adopted in Section 151.01 of the City of Manchester Code of Ordinances by repealing the 1993 BOCA National Plumbing code and adopting the 2000 edition of the International Plumbing Code as amended by the State of NH Board of Licensing and Regulation of Plumbers and with further amendments contained herein."

"Amending Section 33.054 (B)(2)(Overtime Compensation/Comp Time) of the Code of Ordinances of the City of Manchester."

"Amending Section 33.076(A), Special Leave of the Code of Ordinances of the City of Manchester."

"Amending the Zoning Ordinance of the City of Manchester by adding language to 5.11 Table of Accessory Uses regarding the storage of unregistered automobiles."

"Amending Chapter 117: Food Service Establishments, Section 117.19 Permit Fee, providing for increased fees."

On motion of Alderman Roy, duly seconded by Alderman Garrity, it was voted to dispense with the reading by titles only.

Alderman Osborne moved that the Ordinances, having had their second reading, pass to be Enrolled. Alderman Thibault duly seconded the motion. Mayor Quinta called for a vote. The motion carried with Aldermen Roy, Lopez and DeVries opposed to the third ordinance regarding Special Leave.

On motion of Alderman Pinard, duly seconded by Alderman Duval, it was voted to recess the meeting to allow the Committee on Accounts, Enrollment and Revenue Administration to meet.

Mayor Quinta called the meeting back to order.

A report of the Committee on Accounts, Enrollment & Revenue Administration was presented recommending, after due and careful consideration, that Ordinances:

"Amending the Building Code of the City of Manchester as adopted in Section 151.01 of the City of Manchester Code of Ordinances by repealing the 1993 BOCA National Plumbing code and adopting the 2000 edition of the International Plumbing Code as amended by the State of NH Board of Licensing and Regulation of Plumbers and with further amendments contained herein."

Re: Public Sculpture Placement

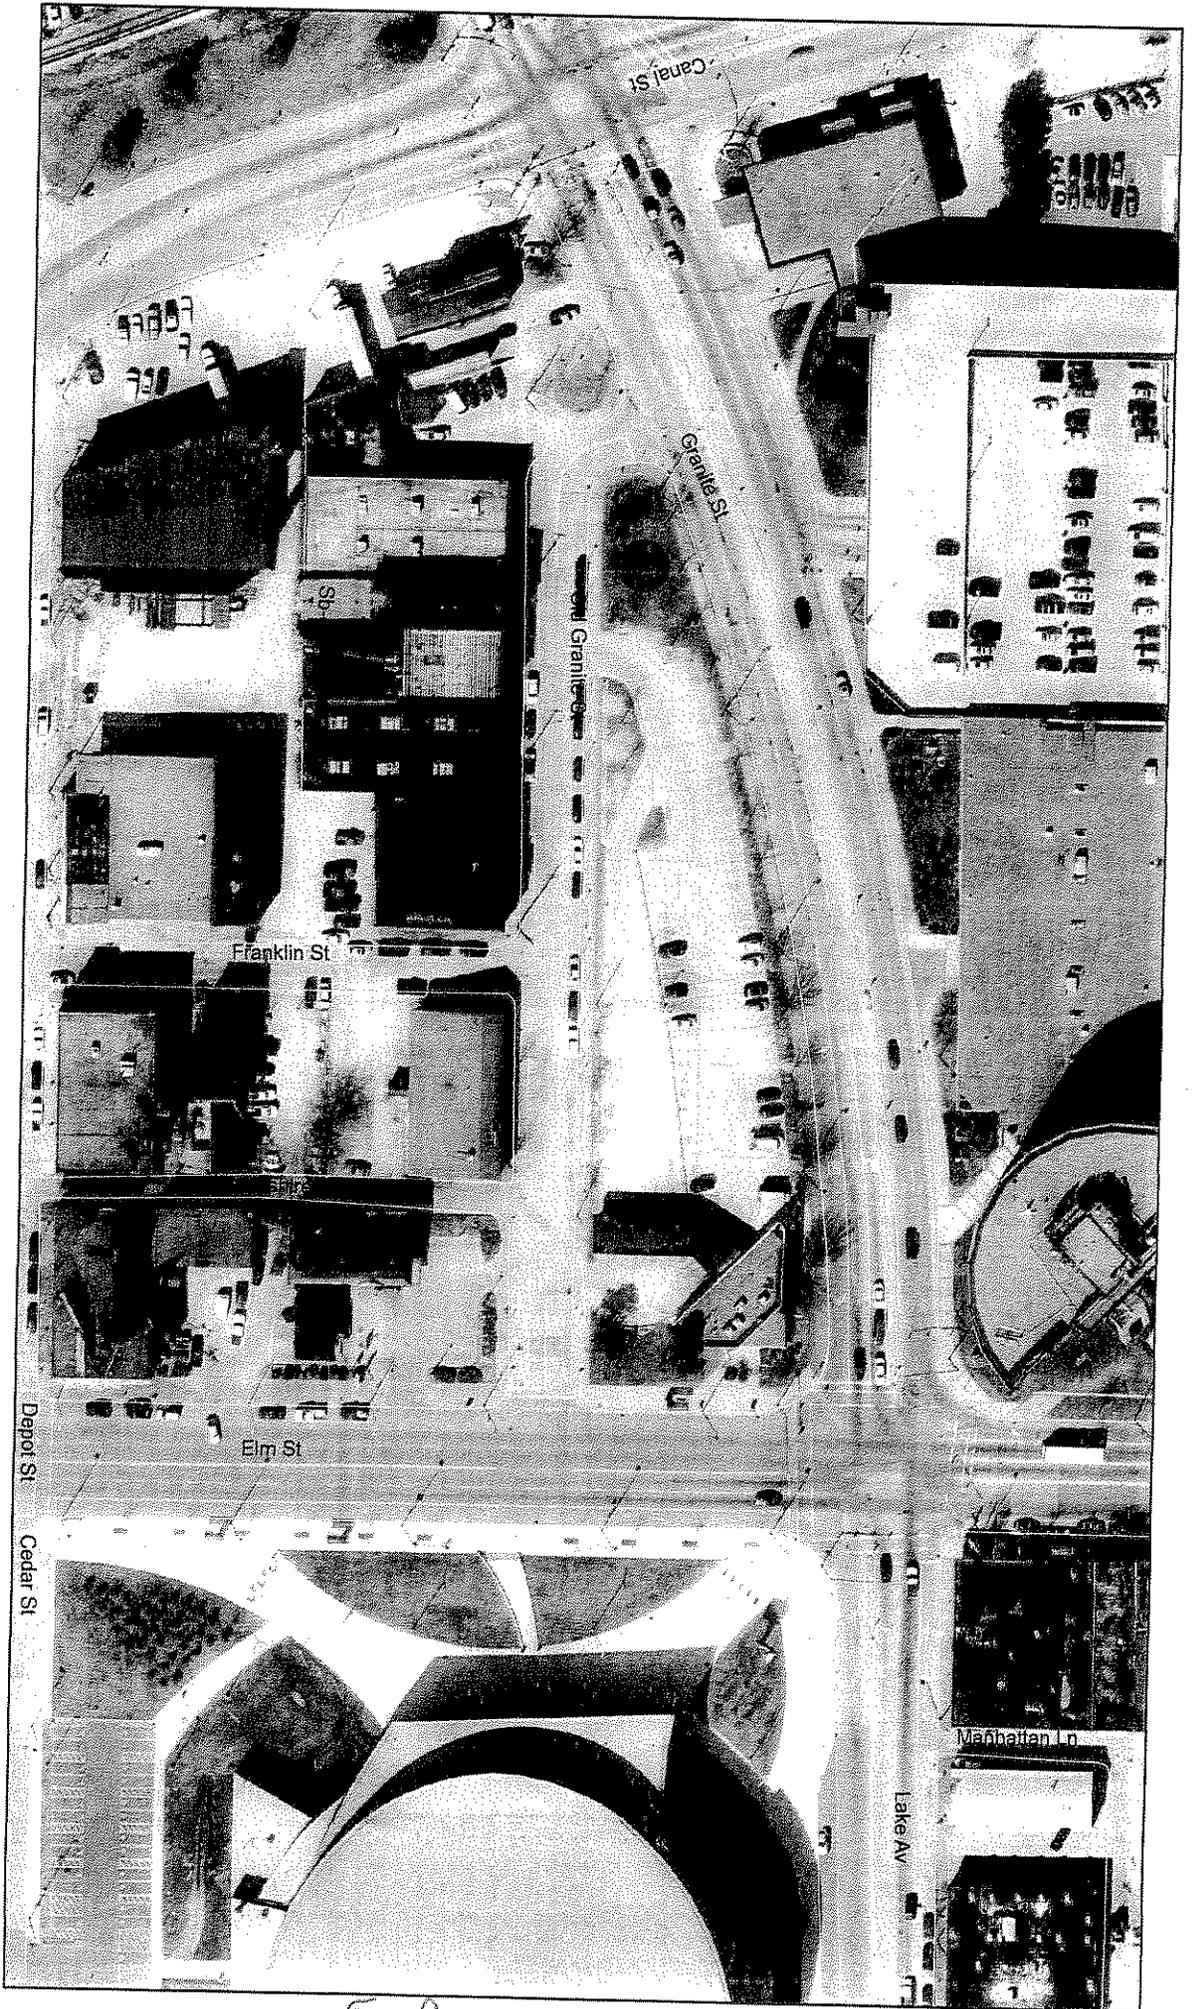

Dear Chairman Smith and Members of the Committee:

As part of our on-going efforts to beautify the City and promote Manchester as an arts and cultural destination, we request approval to locate a public sculpture on property located at the intersection of Old Granite and Granite Streets (see attached aerial). Funding for the sculpture would come from the City's Arts Fund which was specifically created for this purpose. If approval is granted, staff would work with the City's Arts Commission to identify a proposal that is appropriate for this prominent setting. Thank you for your consideration. Please let me know if you have any questions or require additional information regarding this matter.

Sincerely,

Jay Minkarah, Director
Manchester Economic Development Director
