---

On behalf of the City staff working with the Redistricting Committee, I am enclosing copies of all twelve Ward maps illustrating the new proposed boundaries. The Ward maps were developed in their current configuration after much discussion with Committee members. I believe the new boundaries comply with the State Statutes and the recent shifts in population, as reflected in the latest US Census counts. No changes are proposed to the boundaries of Ward 2 and Ward 7.

The maps are stamped "Draft" and are intended for your review before the final adoption process occurs. Larger maps of all the Wards are available in the offices of the Planning and Community Development Department.

Please let me know if you have any questions or if we can provide you with additional information.
