The Senior Activity Center

Transforming the 117 year old fire station on North Main Street in Manchester to a new, expanded Senior Activity Center connects the past generations of City residents with those of today and the future. A 15,000 square foot activity center created the capacity to serve the rapidly growing senior population. Isolation is a major challenge for our senior population, and the Center in which to provide a safe, caring environment to socialize and find enjoyment.

The Mission

The Manchester Senior Services Department's mission is to help prevent isolation, and to maintain the dignity and independence of Manchester's senior citizens.
