Mayor and City Clerk Announce Extension of Office Hours

MANCHESTER, NH - - By a unanimous vote of the Board of Aldermen the Office of the City Clerk will extend office hours on Tuesday evenings until 8:00pm.

“In bringing this forward my hope it to make City Hall more accessible to the citizens of Manchester. I’ve been hearing that people have difficulty making it to City Hall between 8am to 5pm to do business and I hope that this is a first step in remedying their needs,” began Mayor Gatsas.

“The office of the city clerk serves many invaluable functions to the residents of Manchester – and our goal is to serve everyone. We have adjusted staff schedules to fulfill this need at no additional cost to the taxpayer. I am hopeful that this extension will help us fulfill the needs of more Manchester residents,” added Matthew Normand, City Clerk.

“This is a pilot program and based on its success I will look to open up additional departments for extended business hours to better serve Manchester residents,” Gatsas concluded.

The Office of the City Clerk will open from 8:00am to 8:00pm beginning on Tuesday, January 26, 2010 and be open for extended business hours every Tuesday thereafter.
