All Manchester Schools are invited to send and support  
a Fifth Grade Jr. Muster Team

A team of five up to fifteen fifth grade students, compete in three events

Firefighters of Local 856 coach/coordinate the team members

# JUNIOR FIRE MUSTER

Sponsored By  
The  
Manchester Fire Prevention Committee

**This year's events are as follows:**

**Dry Hose race:** teams must connect hose to hydrant, two lengths together, with a nozzle on the end – line to be stretched tightly – time stops when last team member crosses the line.

**Midnight Alarm:** teams have turnout gear at beginning, upon alarm signal The first team member gets dressed, goes around cones, crosses line, gets undressed, the second team member then repeats process, time stops when last team member crosses the line. Suspenders must be over shoulders, coat needs to be only closed by Velcro strip, and helmet must stay on during run.

**Bucket Brigade Relay:** teams begin with a full bucket of kitty litter, upon signal to go, the first team member begins to go through the obstacles, around far cone back to team. Hands bucket to the next team member who repeats the process until last member has crossed the line – time stops. Score is based on time plus kitty litter left.

There will be one Manchester Fire Fighter assigned as a Muster Judge. This person will be responsible for enforcing all rules and assessment of penalties if warranted. This judge's decision is final.

Event winners are based upon the scoring procedure for each event. The overall champion will be determined by the lowest total accumulated time not necessarily placement in each event.

**Sneakers MUST be worn for all events !**
