Re: Ordinance amendment expanding residential parking zone 2

Dear Chairman Roy:

Attached please find an amendment to ordinance 70.55: Residential Permit Parking. I was contacted by a representative of the developer working on 555 Elm Street. This building is being developed to include 16 residential units along with some street level retail, and they will begin renting apartments within the next 2 months. This area of downtown is not currently included in the city's residential parking permit program.

The ordinance amendment expands residential permit zone 2 to include the "gaslight district." Please note that the area specifically prohibits parking using residential permits on Elm Street.

Should the committee approve, we respectfully request that the ordinance be reported to the full board as soon as possible in order to move the process along more quickly.

Please do not hesitate to contact me should you have any questions.

RE: Bicycles on Sidewalks

Dear Aldermen,

A couple of months ago, I corresponded with this committee regarding bicyclists using the sidewalks and the potential danger to pedestrians. We suggested installing some signs to remind cyclists that they need to use the road ways.

Since that time, I have learned of a very effective program that is being used in Concord and other cities to discourage cycling on the sidewalks. It is a simple spray-painted sign applied on the street pavement at various corners of the downtown, reminding cyclists that when using the sidewalks, they need to walk their bikes. I have attached an example for your review.

With your permission, I will get a stencil made, similar to the attached photo, and I will coordinate with the Traffic Department and my maintenance team to apply the stencil on the pavement at crosswalk locations with paint.

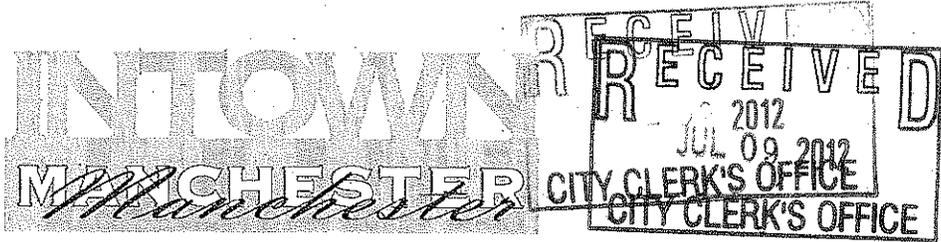

Thank you for your consideration of this issue.

Sincerely,

RE: Bicycles on Sidewalks

Dear Aldermen,

I have received complaints about young adults, on their bicycles and skate boards, speeding along on the downtown sidewalks. It has come to my attention that the laws prohibiting bicycles on sidewalks are being flagrantly disregarded, particularly in downtown Manchester, and there is likely to be an accident.

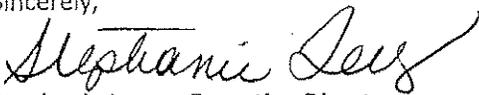

- One such complaint recounted an event where a customer was exiting a store and barely escaped a collision with a fast moving bicycle on the sidewalk. People exiting stores onto a pedestrian walkway don't expect to be confronted by a speeding cyclist or skateboarder, so there is very real danger of a serious accident.
- Another incident involved cyclists, riding on the sidewalk, weaving in and around the pedestrians. In their haste, the cyclists darted out across one of the side streets - not stopping at the corner; at that moment, an automobile was turning onto the side street from Elm, and I witnessed a near accident.

The City of Manchester Ordinance reads:

**§ 72.10 RIDING ON SIDEWALKS PROHIBITED; ERECTION OF SIGNS.**  
*No person shall operate a bicycle upon any sidewalk within the city, and the Surveyor of Highways, upon request from the Chief of Police, is hereby authorized to erect signs on any sidewalk or highway prohibiting the operating of bicycles thereon. ('71 Code, § 5-10) Penalty, see § 70.99*

While it has been suggested that there are already far too many signs in downtown, nonetheless, it may be reasonable to post a few signs in the CBSD, reminding riders that they are not to be on the sidewalk.

Thank you for your consideration of this issue.

**Re: Bicycles and Skateboards on Sidewalks**

Gentlemen:

At your meeting on August 6, 2012 the Committee on Public Safety, Health and Traffic requested that I review current ordinances related to the use of bicycles and skateboards on City sidewalks.

Ordinance §72.10 (Attached) prohibits operating a bicycle on a sidewalk. The penalty reference in §72.10 should be updated as I cannot find a §70.99 in the ordinances. As operating a bicycle on a City sidewalk is prohibited painting a sign on the pavement such as the sign pictured in the attachment to Stephanie Lewry's letter of August 29, 2012 is permissible should the Committee and the Board of Mayor and Aldermen so desire.

While there is an ordinance regulating the use of motorized skate boards (See the §75.01 et. seq. attached) there is no ordinance prohibiting the use of skateboards on sidewalks. There is an ordinance prohibiting the use of skateboards on a city street, except while crossing a street on the crosswalk. See §70.24 attached.

The Board of Mayor and Aldermen has the authority to regulate the use of skateboards on sidewalks should it wish to do so. If the Board of Mayor and Aldermen decides to regulate the use of skateboards on sidewalks the Board should devote some consideration to the areas within the City where skateboard use will be restricted.

I will be in attendance at the next meeting of the Committee on Public Safety, Health and Traffic should there be any questions.

Very Truly Yours,

Thomas I. Arnold, III

**Subject:** Pit Bull Attack

Dear Alderman O'neil,

Friday, March 18, 2012, my 14lb Rat Terrier, Sammy and I were viciously attacked by a neighbor's pit bull. I have never seen so much blood or screamed so long. This violent and vicious dog, "Mikey" has attacked 5 other dogs in our neighborhood. During the attack, traffic on Mammoth Road came to a stop and people got out of their cars and were trying to help. It was the most horrifying experience I've ever had. People were calling 911 and the police informed callers they weren't coming because it was the ACO's responsibility. My dog's wounds needed immediate attention so my neighbor drove us to AVC for emergency care. I was completely covered in blood and completely in a state of shock. Sammy was treated for multiple puncture wounds and tears to his neck and damage to his eyeball. The next morning at 5 am I woke up in terrible pain. I realized I had a puncture wound on my left hand and my right hand was swollen and needed an x-ray. Sammy and I will recover physically but the emotional scars are life-altering. Since the attack, four women have called me to offer support because within the last year, they and/or their dogs were attacked by pit bulls in Manchester. In one case, this woman's dog was torn apart and killed right in front of her. I cried when I spoke with her on the phone that evening. Clearly, life after a pit bull attack will never be the same. Pit bulls have the highest vicious attack rate of any breed with the Rottweiler being second. These are called the "Bully Breeds". They have been genetically mutated to kill.

I love this beautiful city of Manchester. I've always felt safe here. But our city is growing and with that, we have a new danger in our city that requires immediate attention and correction. Why did 911 dispatch disregard the seriousness of this issue? The number of bully breeds in the city of Manchester is growing and proportionately, so are the number of attacks. We in the Chase Houses on Mammoth Road live in fear every day now. This is terrorism minus the political agenda. "Mikey" will attack again. Who's the next victim? Might it be a child? No one knows until the next attack happens. Based upon his history, he will attack again. We need an amendment to the current ordinance/laws regarding violent dog attacks. I am proposing the following changes:

Currently the citation for a first violent attack is a fine of \$100 and the dog is to be quarantined for 10 days. That is insulting to the victim. The fine should be increased to \$500 along with the 10 day quarantine. This would deter people from adopting and or buying a bully breed capable of a vicious attack. In addition to the citation, fine and the

quarantine, the owner must muzzle the dog whenever it is outside - period. It has no right to a second opportunity to reign terror and draw blood.

Secondly, when there is an attack, the police must respond and an initial report MUST be made. The ACO can certainly take the case from there when he is back in the office, but IMMEDIATE help and documentation is essential for public safety. If a report had been taken for the first five attacks by "Mikey" the pit bull, Sammy and I would not have been attacked.

And lastly, there needs to be a more accurate and accessible database to maintain reports of attacks. Many vicious dog attacks go undocumented because the 911 dispatchers refuse to send help if it is a dog-on-dog attack and telephone tag is played with the A.C.O. because one person can not do the job of what should be many. Officer Vogler did a fantastic job for me. But the five prior attacks from this specific pit bull - calls were made but contact and reporting didn't happen. Dog attacks are extremely violent. If we are going to allow residents of Manchester to own lethal and vicious bully breeds, they must be tracked and records must be maintained and be accessible by the police - not just the ACO. Attacks don't always happen 9-5, Monday through Friday.

These proposed changes are prudent and in the best interest of the citizens of Manchester and their beloved pets. I look forward to working with you to keep Manchester safe for all.

Sincerely, Lucinda M. Boutin 48 Mammoth Road Manchester NH 03109 603-660-0272

TO: Committee on Public Safety, Health & Traffic  
Aldermen Katsiantonis, Long, Roy, Osborne

FROM: Patrick Arnold *PA*  
Alderman – Ward 12

DATE: September 10, 2012

RE: Traffic Signal at Front Street and Dunbarton Road

As the Committee is aware, traffic volume and congestion on Front Street has been worsened by nearby developments over the Hooksett border. In October 2011, I requested the Committee to authorize a traffic signal study for the intersection of Front Street and Dunbarton Road.

At your meeting on February 6, 2012, the Committee received the notification under cover from the Deputy Traffic Director that the above-referenced intersection met the warrant criteria for a full traffic signal. Additionally, the Committee was provided a copy of the traffic study performed in 2007 which verified the justification of fully signaling the intersection.

I respectfully request the Committee to reconsider authorizing the upgrade of the intersection at Dunbarton Road and Front Street to a full traffic signal.

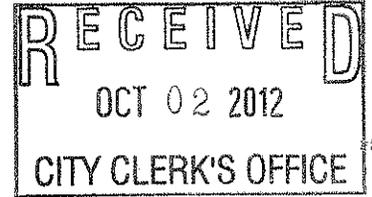

Thank you in advance for your consideration.

RE: Request for a three way stop intersection

Dear Mr. Mayor,

I was contacted late this summer by a group of concerned residents from Megan Drive. Megan drive is located off Bodwell Road in the southern part of Ward 6. The residents are concerned with the speed of traffic on this road and had previously contacted Alderman Correvieu about the problem. He and a member of the Manchester Police Department met with the neighbors and were politely told there was not much that could be done. A radar controlled sign was placed in the neighborhood to bring attention to the issue but the speed of vehicle's is still an issue.

The long unimpeded distance in Megan Drive from the back of the subdivision to the front combined with the rather sharp curve where the road intersects Aaron Drive is a hazard for a residential neighborhood where many children play in and around the roadway.

I believe that if the current one way stop intersection of Megan Drive and Aaron drive were to be replaced with a three way stop intersection it would solve two problems. It would slow the traffic as it approaches the stop signs and eliminate the extent of the blind curve.

I respectfully request you have this intersection reviewed and approve a three way stop intersection. I understand three way stop intersections are not desired in high traffic areas for understandable reasons. However this is not a high traffic area so those concerns should be minimized.

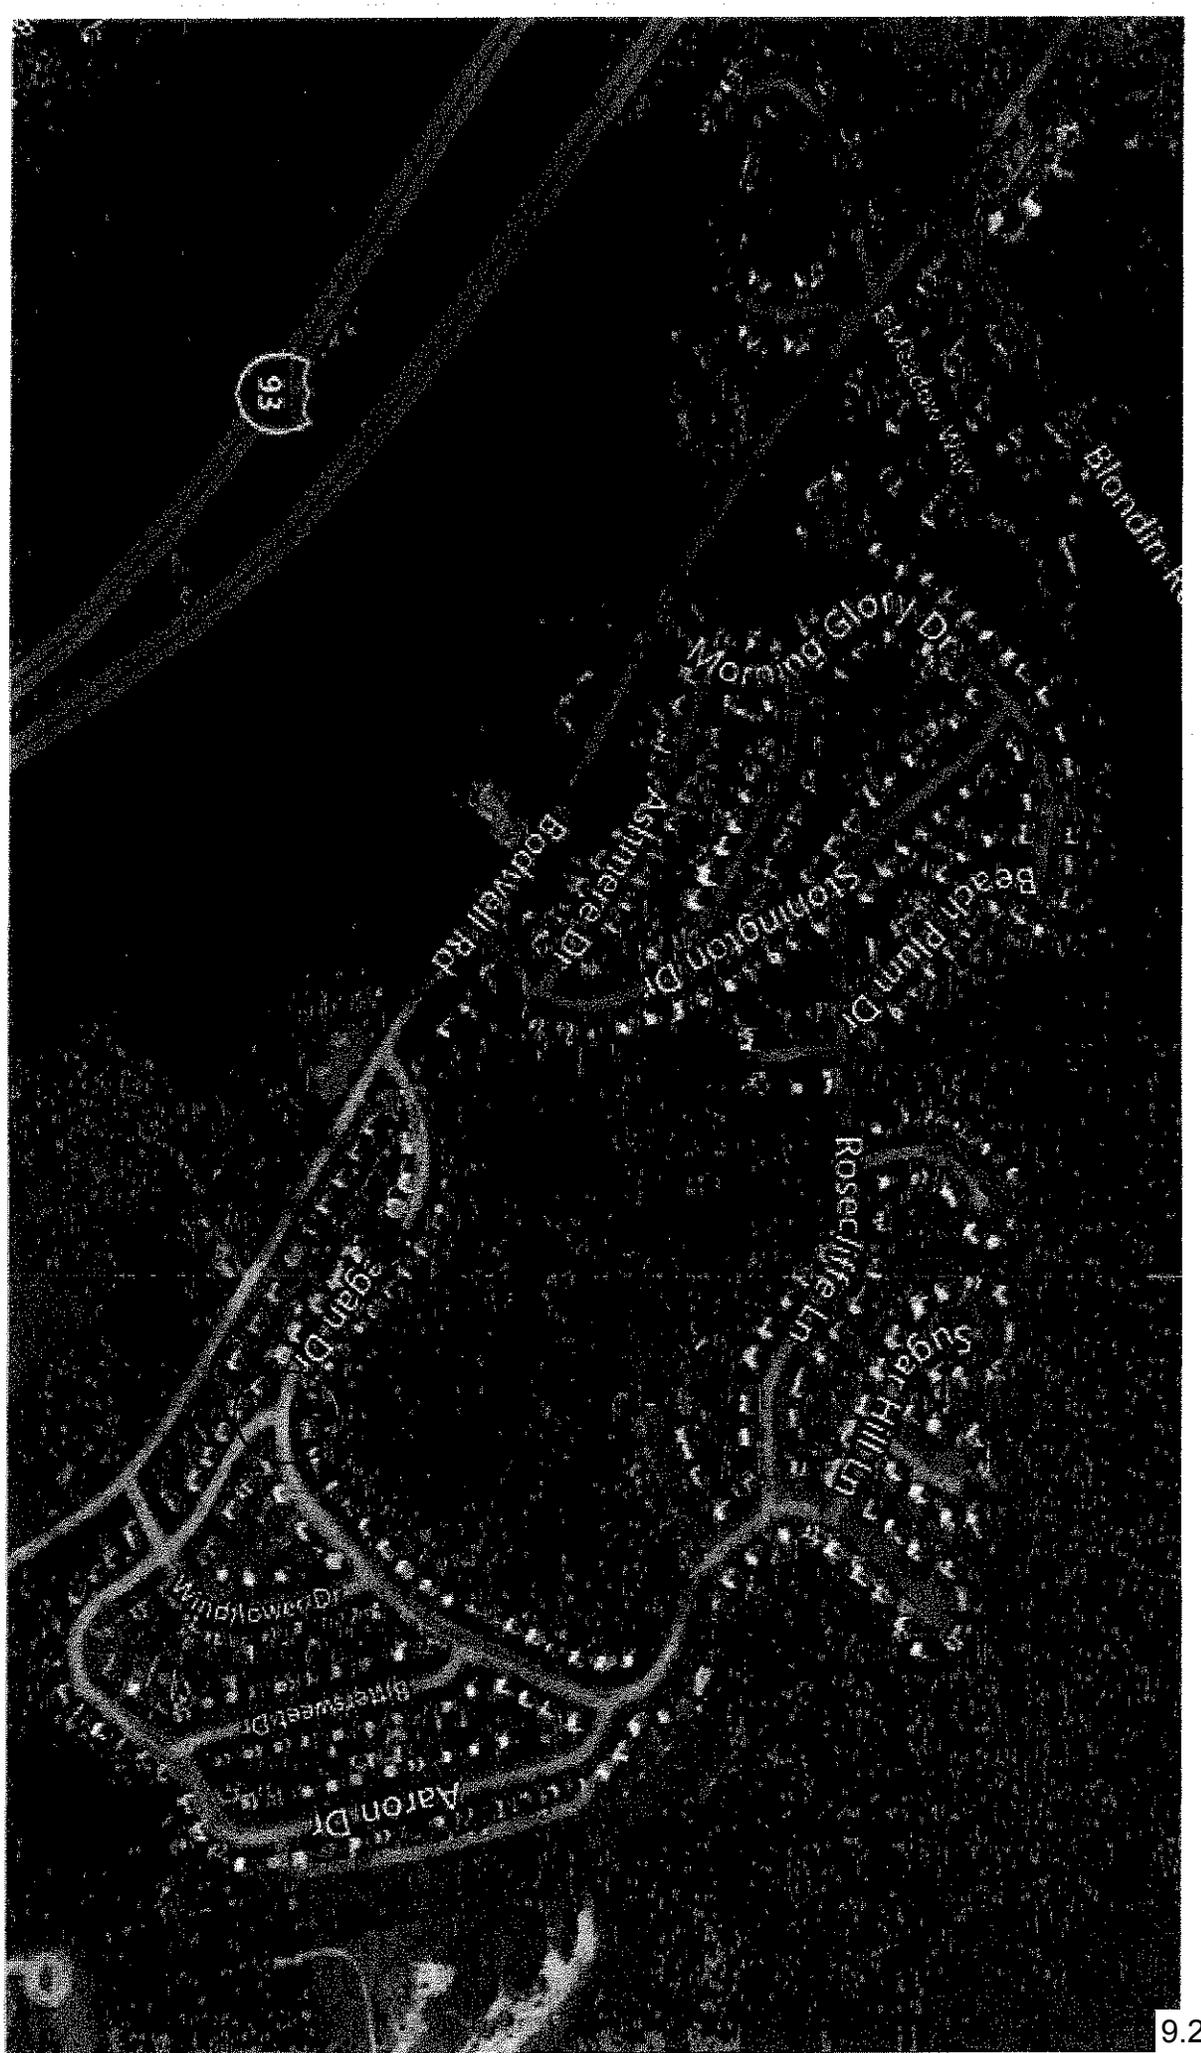

I have attached an aerial picture and some street view pictures to aid in your understanding of the area in question.

Feel free to contact me if you have any questions,

Regards,

Mayor Gatsas, Aldermen, Ladies and Gentlemen,

I'm Phil LeBlanc, manager and part owner of LeBlanc's TrueValue Hardware. We're family owned, and have been in business for over 45 years.

Our first location was at 156 Wilson St. until a tragic fire destroyed our business in 1973. We relocated to 252 Jewett St. in 1974.

Outgrowing that location we moved to 621 Hayward St. where we have been for the last 32 years.

We are here tonight to discuss the closing of Hayward Street.

Alderman Bill Shea said it was the Mayor and Aldermen who proposed and passed an ordinance to close Hayward St.

For those who know the lay of the land Hayward St. has been an active thru street, where drivers avoid the slow moving and congested traffic of Valley St.

We started a petition after many complaints by customers and local businesses.

Kevin Shepard informed me that the jersey barriers would be removed and replaced with a gate, a gate that would remain closed and opened at their will. He also said the gate was for the safety of city employees who work in the yard.

Many city employees who are and will work at the complex said this was a bunch of BUNK.

My proposals are : A. That the gate remain open permanently.

B. That the gate remain open during regular business hours and if necessary install speed bumps to slow the speed of traffic.

Politicians like to say that small businesses are the heart of the community. Many small businesses are struggling with the economy and

competition. Keeping Hayward St. closed has affected many of the neighborhood businesses.

Our customers find it irritating and confusing, especially the elderly, in navigating the detour. Rogers St. is one of the detours drivers take. They drive too fast for a street that is not much more than a backstreet, a danger to all who work or travel this street.

I present to Mayor Gatsas and the alderman a petition with over 500 signatures signed by customers, business owners, who live, work, and vote in this great city called Manchester.

Paraphrasing one of our greatest and most beloved presidents, Mayor Gatsas and aldermen, TAKE DOWN THIS BARRIER!

# BUSINESSES AFFECTED BY THE CLOSURE OF HAYWARD STREET

## Petition for the Removal of Barriers at The Manchester Municipal Complex

To: Mayor Ted Gatsas, Manchester Board of Alderman's, and Director of Public Works and Highway Division Kevin Sheppard.

We the undersigned respectfully express our opposition towards the installation of barriers at the Municipal Complex and desire to have the barriers removed. These obstacles block the flow of traffic running through Hayward Street from Lincoln Street to Wilson Street. These barriers are burdensome to local businesses and adversely impacts the safety of the neighborhood.

# Petition for the Removal of Barriers at The Manchester Municipal Complex

To: Mayor Ted Gatsas, Manchester Board of Alderman's, and Director of Public Works and Highway Division Kevin Sheppard.

We the undersigned respectfully express our opposition towards the installation of barriers at the Municipal Complex and desire to have the barriers removed. These obstacles block the flow of traffic running through Hayward Street from Lincoln Street to Wilson Street. These barriers are burdensome to local businesses and adversely impacts the safety of the neighborhood.

# Petition for the Removal of Barriers at The Manchester Municipal Complex

To: Mayor Ted Gatsas, Manchester Board of Alderman's, and Director of Public Works and Highway Division Kevin Sheppard.

We the undersigned respectfully express our opposition towards the installation of barriers at the Municipal Complex and desire to have the barriers removed. These obstacles block the flow of traffic running through Hayward Street from Lincoln Street to Wilson Street. These barriers are burdensome to local businesses and adversely impacts the safety of the neighborhood.
