

Manchester Police Department

Internet Purchase Exchange Zone

As a service to our community, Manchester residents are invited to use the public parking lot at the police station located at 405 Valley Street, Manchester, N.H., as an Internet Purchase Exchange Zone.

The parking lot is under 24-hour, recorded video surveillance. If further assistance is needed, police personnel are available in the front lobby of the station. Although the police facility operates 24 hours a day, we suggest that all exchanges take place between 7 a.m. and 7 p.m.

Those using this service are asked to use designated parking spaces or the area on the south side of the lot, in front of the flag poles. Please do not use the parking spaces designated for Highway Department Visitors.
