

"The future health of our communities will be largely dependent on the resilience of opportunistic neighborhoods."

In order to get ahead of what plagues our most vulnerable, we must work more strategically and cohesively together than ever before."

Dr. Phyllis Meadows

HOW CAN COMMUNITY INVESTORS HELP TO CREATE NEIGHBORHOODS OF OPPORTUNITY THROUGHOUT THE CITY OF MANCHESTER?

**The Derryfield Banquet Facility and Function Room
Manchester, New Hampshire
June 25, 2019 Formal Program 9:00am – Noon**

A CALL TO ACTION:

The City of Manchester is at a crossroads. Some neighborhoods and populations are prospering while others are epidemiologically wavering. We invite you to meet with The Kresge Foundation, known for expanding opportunities in American cities, and other state and local investors around sustainable funding strategies and financing models to improve neighborhood and community health in Manchester.

WHO IS INVITED?

Community investors, foundations, health care charitable trusts, financial institutions, insurers, higher education and thought leaders who bring resources to community problem solving.
