

# **Participating Dentist Directory**

**July 2011**

**Northeast Delta Dental**

# Welcome to the Delta Dental Premier Network of Participating Dentists

The dentists listed in this directory are dental professionals who have been licensed by the states in which they practice and have signed Participating Agreements with Northeast Delta Dental. Northeast Delta Dental has done its best to assure that, as of the date of this publication, each listed professional is licensed and currently able to practice. Although your benefits may be higher if you choose to use a Participating Dentist, you are not required to use any of the dental professionals listed in this Directory and you should always choose the dentist who best meets your needs. However, Participating Dentists are independent contractors and are not employees or agents of Northeast Delta Dental. Northeast Delta Dental is not responsible for the quality of care provided to you by any dentist.

## Participating Dentists

This directory contains over 1,600 dentists who participate in Delta Dental Premier—that's more than 80% of the practicing dentists in Maine, New Hampshire, and Vermont. When you receive your dental care from a participating dentist, you enjoy:

- ▲ **No balance billing:** Because network dentists accept their usual filed fees for service, you will normally pay less when you visit a participating dentist;
- ▲ **Reduced paperwork:** Your dentist will prepare and submit your claims for you, and
- ▲ **No up-front payment:** Northeast Delta Dental pays the dentist directly. Participating dentists cannot charge up-front for the amount reimbursable under a Delta Dental contract.

## Out-of-Network Dentists

Your Delta Dental Premier benefits also cover services performed by out-of-network and out-of-area dentists. However, in addition to your co-payment and/or deductible (if applicable), you are responsible for any difference between Northeast Delta Dental's payment and the dentist's actual charge.

## About the Directory

This participating dentist directory lists all dentists who participate with Northeast Delta Dental. The directory is divided by state—Maine, New Hampshire, and Vermont. Each state is further divided into separate sections by Alphabetical Listing, City, and by Specialty.

To be certain that a dentist is a participating member of Northeast Delta Dental, call either Northeast Delta Dental's Provider Services Department (numbers listed below) or the dentist before dental services are provided.

If your dentist is not listed in this directory, or if you need help finding a dentist, we would be glad to assist you. You may call our Customer Service Department (numbers listed below), or visit our web site at [www.nedelta.com](http://www.nedelta.com).

**You should identify yourself as a Northeast Delta Dental subscriber or covered dependent by presenting your Northeast Delta Dental identification card to the dental office receptionist at the time of the office visit. For specific coverage information, contact our Customer Service department.**
