Guidelines

Annual Permits are required to use the facility, with limited exceptions. Permits are good for one year from date of issue. They are sold at the facility only, and may be purchased at the same time as disposal fees are paid. Permits may be revoked for violating guidelines. See reverse side for eligibility requirements.

Automated dump bodies may **NOT** be used, except to dispose of yard waste.

Bulky items (non-metal) are furniture, rugs, and other items whose size/weight precludes standard curbside collection. Doors, fixed cabinetry, sinks, and toilets are considered construction/demolition debris and are **NOT** treated as bulky.

Construction/Demolition: Waste from construction, remodeling, repair, or demolition activities, including roofing shingles, clean & treated lumber, plywood, sheetrock, doors, fixed cabinetry, sinks, toilets, and flooring materials (carpeting, wood, tiles).

Electronics: Include Computers, laptops, tablets, phones, printers and related computer items. ***Note: Television are not considered under this category***

Fluorescent Lamps must be in-tact. Broken lamps are NOT accepted.

Household Hazardous Wastes are NOT taken during normal hours, Additional household hazardous wastes are accepted during special collection events (see reverse side for details).

Hazardous Waste: NOT accepted (Examples: Asbestos, gasoline and other solvents)

Oil: Must be in containers ≤1 gallon, and free of water or other contaminants.

Paints: LATEX ONLY, Oil-based paints are only accepted during household hazardous waste collection events (see reverse side for details). *If wet*, paint must be (a) in containers ≤1 gallon, and (b) no more than 10 cans. In order to obtain the residential fee waiver for *dried-out* paint, customers must remove container lids PRIOR TO ARRIVAL to allow for inspection.

Recyclables: Paper, cardboard; tin, aluminum, glass; and plastics (except for PVC [#3] and "Styrofoam" [#6]). Paper/cardboard must be separated out from containers.

Tires: Automotive vehicles are eligible for free disposal only if customer provides a current Manchester vehicle registration (copies not accepted). Each set of four free tires requires a unique registration.

Yard Waste: must be free of litter and rocks. Compostable materials only (leaves, pine needles, grass, etc.). NO BRUSH, LOGS, or STUMPS

We also sell, deliver, and repair trash carts!
See reverse side for prices and more information.

Annual Permits

Eligibility - Manchester residents, Manchester businesses/non-profits, and outside contractors whose waste has been generated in Manchester are eligible.

Residents - Residential permits are issued to customers who provide proof of residency:

- Current driver's license with a Manchester address OR
- Valid photo ID (driver's license or other) AND a recent utility bill, property tax statement, or lease agreement for a Manchester address showing the customer as a resident OR
- Any other proof that, at the sole discretion of the Scale Operator, verifies Manchester residency

Only one permit will be issued per household. Separate units at a single address constitute distinct households and each is eligible for its own permit. Only individuals RESIDING at the address that is the source of the waste may obtain a residential permit; landlords and property management companies must obtain a commercial permit (see below).

Businesses/Non-Profits - Commercial permits are issued to customers who (a) operate a business or non-profit organization (NPO) in Manchester or (b) are contractors disposing of waste generated within the city limits. Following is sufficient proof:

- Current City of Manchester business license OR
- Recent utility bill, property tax statement, or lease agreement showing a Manchester business/NPO name and address OR
- A recent contract or confirmation letter relevant to the material being dumped that is signed by the owner of a Manchester property OR
- Any other proof that, at the sole discretion of the Scale Operator, verifies that the business/NPO is located in Manchester and/or disposing of waste generated in Manchester

Authorized City personnel reserve the right to refuse any load that does not meet facility requirements, applicable regulations or facility capacity.

Frequently Asked Questions

What are my payment options? We accept card, cash, or check payment.
NOTE: Credit Card payments are subject to a processing fee.

Why are there restrictions on automated dump bodies? The use of automated dump bodies increases the risk of: (1) hazardous materials and other contaminants entering the facility's waste streams; and (2) containers being filled inadvertently beyond capacity, resulting in spillage.

When can I dispose of Household Hazardous Wastes? Household Hazardous Waste Collection Events are held at the Drop Off Facility on the second Saturdays of May and October, from 8 AM to 2 PM. These events are open to Manchester residents only. A facility permit is not required, but participants must bring proof of residency. Disposal is free. Limitations apply. Please visit manchesternh.gov/HHW for more information. Note: ONLY household hazardous wastes are accepted at these events. Other materials - including latex paint, electronics, and tires – are NOT taken.

Carts

How much do carts cost?

$85 Green Trash Cart, 95-gallon
$85 Blue Recycling Cart, 95-gallon
$70 Green Trash cart, 65-gallon
$10 delivery fee
(Credit card payments are subject to a processing fee)

Do you repair or replace broken trash carts?

Yes, with some limitations. City of Manchester trash carts come with a ten- year warranty against defects from the date of manufacture.

See manchesternh.gov/Departments/Trash-and-Recycling/Carts for details and purchase form.

Do you make trash cart deliveries or repairs in the field?

Yes! For an additional fee of $10 per location, we will go to your home or business to deliver your new cart, replace a damaged cart under warranty, or (when possible) make repairs to your existing cart. There is a maximum of Eight carts delivered or serviced per visit.
